Propagation Watch

DXers enjoyed some excellent conditions over the past ten days. The higher bands were exceptional, with 10 and 12 meters open far into the night. When the geomagnetic activity in the polar regions was low, the openings on 20, 17, and 15 meters into Asia provided good signal strengths.

Solar activity remains in a holding pattern, with flux hovering around 165. Unfortunately, some coronal holes may disrupt these good conditions this week. Look for a return to excellent DXing by Nov. 6. Meanwhile, be prepared for increased geomagnetic activity, especially in polar latitudes.

1992 Callbooks

Duane Heise AA6EE is offering pre-publication prices on the 1992 *Callbooks*. Either edition (North American or International) is \$25.75, or both for \$49.75. Four or more: \$24.45 each. Postpaid in the US and possessions. If shipment via UPS is desired, add \$1.00 per book. Foreign orders add US\$2.75 per book for surface mail. California residents: add 7% tax. Shipments start Nov. 29. Send check by Nov. 18 to Duane at 16832 Whirlwind Lane, Ramona CA 92065. [Retail price is \$29.95 each.]

DX Century Club Notes

- The DX Advisory Committee has voted unanimously against recommending that Jarvis Island KH5J be a separate DXCC country. The petition for separate DXCC country status for Jarvis was filed by Pete Grillo AH3C, Martti Laine OH2BH, and Wayne Mills N7NG. Their petition was based on 'exclusive economic zones' around Kiribati and US islands. The DXAC did not feel this interpretation was in accordance with current DXCC country criteria. AH3C/KH5J QSL cards will be accepted for DXCC credit for Palmyra KH5.
- On October 1, Tom Hogerty KC1J was named DXCC Branch Manager. Tom supervised the transition to DXCC automation, in his former job as special projects manager. Don Search W3AZD, former DXCC Branch Manager, was named DXCC Specialist. (ARRL Letter.)
- A greatly expanded version of the ARRL DXCC Countries list will be available soon, for US\$2, postpaid. The countries are now listed with numerical prefixes first, matching computer databases and software. The 250 DXCC countries eligible for field checking of initial DXCC applications are marked in the new edition, which also includes several new features, such as information on QSL bureaus and the DXAC. (ARRL Letter.)
- As of Oct. 6, the DXCC desk was processing new applications and endorsements received Sept. 11.

Notes From All Over

- The latest 10-meter beacon list is available for an SASE from *The DX Bulletin*, thanks to K2OLG.
- SV3AQR would like to set up a 10-meter beacon in Greece; can anyone provide him with some help?
- Father Moran 9N1MM is in the US on one of his regular visits. He'll be meeting with several radio clubs prior to his return to Nepal on Nov. 4. Among the stops is a garden reception in Phoenix, Arizona, on Nov. 2, hosted by Frank Smith AA7FM.

Award Notes

- The RB8M trophy is available for US\$5 or 15 IRCs for making at least one contact **RB8M**, or their contest call: **UR5M**. Send QSO data and payment by registered letter to Dick Sitnikov, Box 1, Lugansk 348034, Ukraine.
- The **Lithuanian Sports Festival Pennant** is available for contacts with **LY91** prefix stations in July and August. Western hemisphere stations need 2 QSOs; Europeans need 3. GCR list and 10 IRCs to Rimantas Pauliukonis KB1TY, Box 321, Stafford NH 03884.

Important Notice: There will be no Issue dated November 1 (next week), when I am in C6. Issue 612 will be dated November 8. -ed.
